

## 2011 Residential Recycling Report

### **Community: Instructions**

The *2011 Residential Recycling Report* is a means by which the Cuyahoga County Solid Waste District will gather information on the recycling services provided by your community or your private contractor.

Please take a moment to review the forms. There is a page for each of the following:

<b><u>2011 Residential Recycling Report</u></b>	<b><u>Page</u></b>
Instructions	1
Community background/contact sheet	2
Single family and multi-family recycling	3 – 4
Drop-off recycling	5 – 7
In-House facility recycling	8 – 9

### **2011 Conversion Factors**

For a listing of 2011 conversion factors, calculations and definitions, please visit our website at:  
**[www.cuyahogaswd.org](http://www.cuyahogaswd.org)**

We would appreciate as much detail as you can provide. Check the appropriate boxes, complete any blanks, and list the tonnage collected in 2011 for any applicable materials.

- X **If you do not have a breakout of the specific materials (such as the different paper types) check the materials that are collected, and then list the total number for that category of material.**
- X **If you do not have a breakout of any of the recycling commodity categories, check the materials that are collected, and then list the total for all commodities in the GRAND TOTAL section of the table.**
- X **If you are listing a total number only in the GRAND TOTAL section of the table, please check if the GRAND TOTAL includes single family/multi-family services, and/or drop-off services.**

The Residential Drop-Off page should contain data for these programs.

The In-House Facility Recycling page should contain data on recycling programs of the political subdivision's departments and agencies.

**Your community's annual information is due to the District by: FRIDAY, FEBRUARY 17, 2012.**

We suggest making a copy of these forms for your records. If you have any concerns or questions, contact **Jessica Ciaccia at (216) 443-3728**. Please return the 2011 Residential Recycling Report forms to:
