

Rain Barrel Workshop and Compost Seminar

Tues., June 26, 2012

6:00 PM - 8:00 PM

**Cuyahoga County Solid
Waste District offices
4750 E. 131st Street
Garfield Heights, OH**

Learn about Rain Barrel and Composting!!

Rain Barrels help to combat storm water pollution in your community and give you a fresh source of free water for your plants. Workshop participants will construct a rain barrel to take home. A barrel, downspout diverter and all materials are included.

Rain Barrel cost: \$60 (\$20 for extra barrel w/out diverter to make a two barrel system)

Composting is a great way to keep organic materials out of landfills and an inexpensive way of adding nutrients back into your soil.

Various composters will be for sale at the workshop.
